

CP Rack

A compact, lightweight, and stackable rack designed to hold up to 1,000 lbs of lighting fixtures, featuring an adjustable height and a foldable design for versatile mounting and efficient transport.

Perfect for touring productions and corporate events, especially for installations in venues with challenging access points such as small elevators, narrow hallways, and ballrooms.

- Features removable uprights that function as H frames for versatile truss mounting.
- Sized for efficient US and EU truck packing, stacking two-high to maximize trailer space.
- Rolls smoothly under full load with durable 5-inch high-capacity casters.
- Accommodates diverse fixture layouts, including up to four large-format moving heads.
- Includes a rugged, protective cover for shielding equipment during transport and storage.
- Folds down completely flat in seconds for efficient, space-saving storage.

SPECIFICATIONS

Construction / Physical
