

 **i3CONNECT Cortex**

TAKE CONTROL OF ALL OF YOUR DISPLAYS

Gain the power to manage, monitor, and control your fleet of i3CONNECT displays from any location at any given time.

CONTROL MULTIPLE i3CONNECT DISPLAYS EFFORTLESSLY

Unlock a personalised i3CONNECT experience with our customisation features. Choose between different backgrounds, launcher modes for business or education, adjustable home screen tiles for frequently used applications, and choose between a dark or light display theme. With i3CONNECT Cortex, making the display your own is easier than ever.

CORTEX

Secure

Issues can be resolved remotely, instantly

Control Studio

Control the i3CONNECT Studio interface through Cortex

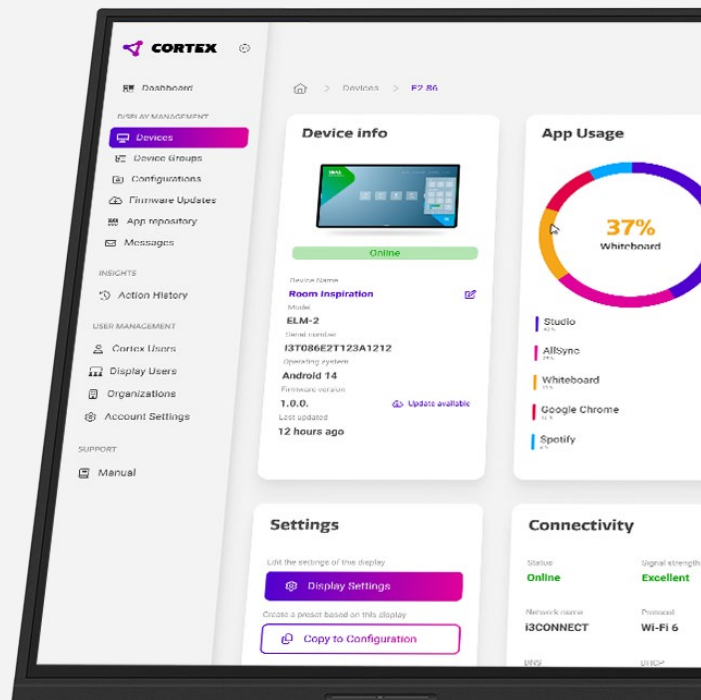

Insightful dashboards

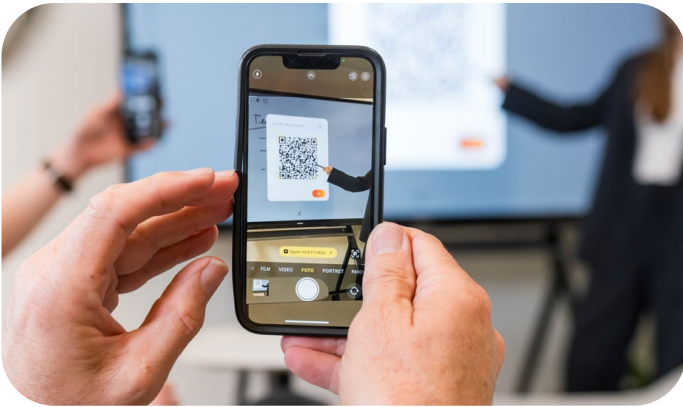

Get a clear overview of your whole organisation

Flexible

Customise your experience remotely

FEEL SECURE WITH CORTEX

Our security and access control features prioritise data protection with restricted mode, device lock, and PIN code protection functionalities. Personalised profiles allow for better user control and protect your organization's data. With Cortex, you can confidently maintain a secure and compliant environment.

REMOTE VIEW AND CONTROL AT YOUR FINGERTIPS

Managing a large fleet of displays is no issue with Cortex. You can remotely view any device in your network. Noticed an issue? A few clicks is all it takes to update your settings for one, two, or a hundred devices. Are your interactive displays offline? Not a problem. Thanks to the advanced command queueing feature, they'll update with your chosen configuration once they reconnect to Cortex.

PERSONALISE YOUR USERS' DISPLAY EXPERIENCE

Tailor your i3CONNECT displays using Cortex's innovative remote configuration feature. Capture and store settings ranging from general system preferences to application-specific configurations. No matter how varied your needs are, create a seamless user experience across your devices.
